I am writing this reference at the request of Mr Cédric Pierre-Louis who completed a master degree in International Corporate Management in September 2009 at the faculty of economics and management at the Catholic University of Lille (France).

Mr Pierre-Louis asked me to be his master thesis tutor after encountering real difficulties with his previous tutor. Anyway, he was not responsible for these difficulties.

I began tutoring Mr. Pierre-Louis in August 2009, very closed to the deadline. I asked him to re-orientate his work deeply.

He was able to do so very quickly and finally proposed a thesis which is a rather good one according to our Faculty's standards.

Nevertheless, the mark he got for this thesis does not reflect its quality because Mr. Pierre-Louis has been penalized for having returned his work with delays (3 days).

Despite this mark, I feel that Mr Pierre-Louis has a real capacity to work efficiently and to achieve good performance in his work, particularly in the subjects he is interested in, such as new technologies, economics of new technologies and international development.

Moreover, his international experiences show a strong capacity to deal with new and moving environment and to understand new situations.

I hope his application will receive your attention. If you should ever need further information, you can feel free to contact me by email : [emmanuel.pic@icl-lille.fr](mailto:emmanuel.pic@icl-lille.fr)
